Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.
2. This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.
3. In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-7 and 9-12, drawn to a method for applying a reactive epoxy containing coating to a substrate.

Group II, claim(s) 8, drawn to a substrate with an epoxy containing coating.

Group III, claim(s) 13-19, drawn to a method for adhering two surfaces together.

Group IV, claim(s) 20, drawn to a method for applying a reactive epoxy containing coating to a substrate according to example 1.

4. The inventions listed as Groups I, II, and IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: as noted in the IPER claims 1, 8, and 20 are not considered novel in view of GB 1037144. Therefore, there is a lack of unity between Groups I, II, and IV.

5. The inventions listed as Groups I, II, and IV and Group III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group III has the special technical feature of bonding two substrates together not required of Groups I, II, and IV. Therefore there is a lack of unity between Group III and Groups I, II, and IV.

6. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 1733

7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
